

FARKLIYIZ, ÖZELİZ

İnsanları birbirinden ayıran kendine özgü olan özelliklere bireysel özellikler denir. Bireysel özellikler benzer ve farklı olabilir.

İnsanların yetenekleri, becerileri ve ilgileri farklı olabilir. Bireylerdeki bu farklılıklar doğaldır. Farklılığımız bizi eşsiz ve özel yapar.

Fiziksel ve zihinsel engeli olan kişilerle dalga geçmemeli, iyi geçinmeliyiz. Birbirimizin farklı yönlerini görebilmeli ve bunlara saygı duymalı, hoşgörülü olmalıyız.
